

Contractor RFI: Could you please clarify how many copies of the Technical and how many of the price proposals you would like submitted?

Government Response: The Government requires one hard copy and one electronic copy of both the Price Proposal and Technical Proposal.

Contractor RFI: Factor 1 requires, "no less than one, and no more than three, previously-awarded, and completed construction contracts", however, Exhibit A – Performance Relevancy Questionnaire requires "four Part 1 forms" in conjunction with Exhibit C.

Could you clarify if contractors are required to submit four past performance projects and Exhibit C packages, or just three?

Government Response: In reviewing the RFI, the Government is changing the Exhibit A – Performance Relevancy Questionnaire Requirement to match the quantity required by Factor 1. Contractors shall submit “no more than three (3)” and Exhibit C packages to fulfill the requirement.
